REGISTER NOW FOR 2020 SAFETY TRAIN-THE-TRAINER CLASSES

Our popular SBCTC train-the-trainer program returns with three important construction safety courses for 2020:
- **Excavation and Trenching Hazards** (January 29-30 & February 12-13)
- **Silica in Construction** (April 7-8 & April 21-22)
- **Fall Prevention—Rescue Planning** (May 20-21 & June 10-11)

See the attached flyer for more details, locations and information on how to sign-up.

Under our new OSHA Harwood grant we are offering six classes in the new year covering three safety hazards that remain top priorities for construction. Each topic has its own 2-day train-the-trainer class. Trainers may choose to attend one, two or all three topics. If you missed these trainings in previous years or want to refresh your training skills for these topics, join us in 2020.

Class size is limited. Register early to guarantee a spot.

4 ways to Register:

VIA email/FAX/mail--Print attached Registration Form and return to Lynn Schorno in the SBCTC office:
- Email **LSCHORNNO@SBCTC.ORG**
- FAX 916-443-8204
- Mail SBCTC Attn: TOT Program 1231 I St, Ste 302 Sacramento, CA 95814

FAQ
**Who can attend?** Construction reps (all crafts) who currently train workers—apprenticeship instructors, union reps, contractor reps, safety staff, (call us if you're not sure you qualify).

**What material is used?** SBCTC multi-craft curriculum produced through our OSHA grant. Designed for training front-line workers to recognize hazards, identify risk factors, learn required controls and best practices for safety on-the-job.

**What does it cost?** No direct fees; participant payback is that they deliver the training to at least 20 workers.

**Are there prerequisites?** All trainer experience levels are welcome. Each 15-hour class prepares trainers to effectively use the material, improve their own knowledge and hone their teaching skills.
